EXAMPLE RECIPE

Here we show you how to convert one of our liquid bases into a Shampoo product using our **Premium Shampoo Base**.

Follow the steps below to create a range of tailored shampoo products using our innovative Liquid Bases.

- > **Premium Shampoo Base** - Add the desired weight needed
- > Add upto 0.5% water soluble fragrance
- > Mix together for 10-15 minutes until additives / ingredients are dispersed
- > Fill into your finished packaging

Open - Simply open the packaging and weigh out your desired amount of Premium Shampoo Base.

Add - Add Essential Oils or Fragrances of your choice to your liquid base. We recommend adding no more 2% to the Premium Shampoo Base.

Mix - Gradually mix the materials together in a suitable container until smooth and homogeneous, approx. 10 - 15 minutes.

Fill - Once fully mixed fill into your chosen packaging, bottles, or tubs. (always run full stability testing prior to sale / distribution)
